

Former Primary School Assistant Principal and current SEQTA Primary specialist, Peter Hazebroek, will be hosting a primary-focused SEQTA training day in Sydney on Tuesday 21 August 2018.

Peter understands the challenges that Primary teachers face every day, and has created an informative and value-adding one-day training program - **Primarily Speaking**.

To help gain the most value from this training day, you'll need to have a basic understanding of how to create a program and how to set up assessments. There will also be some time dedicated to sharing knowledge around best practices.

In order to create the opportunity for as many teachers to attend as possible, we're offering a *significantly* discounted group rate:

ONLY \$475

(normally \$175 pp)

for 4 of your team to attend
