What is the benefit of this session?

SEQTA Professional Services is excited about the range of short courses on the SEQTA Suite. The aim of this session is to show users how to effectively use the correspondence tools for attendance. The audience for these short courses may vary as some are for more experienced educators who want to enhance their professional development portfolios, while others are for all educators – those with and without a great deal of experience. Participants will have an opportunity to post questions during the webinar or face-to-face sessions.

Recommended Attendees

School Attendance Administrators and Clerical Staff.
